

## MOUNTAIN ZONE FIRE FIRE REFRESHER AND WORK CAPACITY TEST

Mountain Zone will put on Work Capacity Tests and fire refreshers on the following dates. It can take 4-6 weeks to prepare for the arduous pack test. Don't put it off. The April refresher is intended for permanent employees. The May and June refreshers tend to fill with seasonals. You must sign up to attend as we have limited space for refreshers and the later ones tend to get crowded. If you are not medically cleared, you may not pack test. We **strongly encourage permanent** employees to attend the April date as we anticipate the later dates to be filled with seasonals. Supervisors please forward this document for any re-hire and new hire seasonals that you may have. We have a small number of vests that are first come first serve otherwise you will need to use your own pack.

**The contact to sign up for either is Ben Ingram 530-2151 or Ryan Romero 530-2161.**

If you are a non-federal employee you are welcome at the refresher but you must pack test through your agency.

Seasonals that are around are welcome to attend refreshers and pack test early if it works better for their schedule. They will need to be on a volunteer agreement for the pack test.

<u>Date</u>	<u>Time</u>	<u>Location</u>
Tuesday April 8 <sup>th</sup>	0800 – 0846:25 pack test 0900 - 1700 refresher	Salida RD
